

# LCBO

*Let's get together.*

## **Transportation Traffic Report:**

*An update on global situations that may affect product flow.*

**Week of:** October 30, 2023

---

### **GLOBAL PULSE**

#### **Argentina and Chile**

- Severe drought in the Panama Region continues to create a low water situation in the Panama Canal resulting in reduced vessel traffic and draft restrictions. This note is for awareness only as LCBO freight has not been impacted at this point.

#### **Israel**

- The flow of freight out of Israel is currently being impacted by the conflict as vessels elect to omit ports of call for safety and security reasons. Further developments will be unpredictable during these exceptionally difficult times.

#### **North America**

- There are currently no North American port disruptions that are impacting LCBO orders.

#### **U.S. PORTS**

- Philadelphia – 7 day dwell
- New York/NJ – 7 day dwell

#### **CANADIAN PORTS**

- Halifax, NS- 9 day dwell
- Saint John, NB- 3 day dwell
- Montreal, PQ- 5 day dwell
- Vancouver, BC- 9 to 11 day dwell

This is a general information circular designed to alert members of the trade to global issues which may affect product flow. For detailed information regarding the status of product shipments please contact your Specialty Services Customer Service Representative or Inventory Manager.
