

JANUARY 2022 VINTAGE CHART

VINTAGES

This chart is provided as a guide to help you determine when a wine will likely show best based on its vintage and place of origin. Of course, a wine's quality is also linked to many other factors—from the skill of the winemaker to how the wine is stored, and more—so it's impossible to give absolute one-fits-all predictions. As always, we urge you to taste for yourself, keep an open mind and trust your own palate.
